# Welfare

**The Safety and Welfare of every student is our top priority at every Ardmore Language Schools centre and always will be. Specialising in junior language programmes, as well as focusing on developing their English language skills, we also create an environment for students to improve their social skills and cross-cultural awareness.**

Each centre has its own dedicated welfare team, who are responsible for the welfare of every student whilst they are with us. They will be wearing white tops so they stand out from the rest of the team.

Students will be given a tour on arrival and an induction during their first lessons to introduce the course, safety procedures, activity programme, expectations and the British, American, or Canadian laws.

# Activities & Excursions

We design an Ardmore Language Schools activities programme to help all our students improve their English communication skills while enjoying a variety of fun activities, and creating a safe and relaxed environment, so they can feel completely comfortable and maximise their language learning experience.

The Head of Sports and Activities will create a unique and specific programme of activities for their centre, which the Activity leaders organise and deliver.

The programme varies from centre to centre, as each college has its own unique features. A variety of Sports, Arts & Crafts, Workshops and English based activities are offered to get every student involved and meet the preferences of various age groups.

Our weekly programmes include, every 7 nights, at least one full day and one half day excursions. All entrance fees are included. Examples of some of our Full day excursions are London, Windsor Castle, New York, San Francisco and many more.
